

**COMVAQWINGPAC
FUEL CELL SAFETY OBSERVER/BACK-UP SAFETY OBSERVER
OJT CHECKLIST**

Regardless of rank or experience level this OJT is required to perform duties as Fuel Cell Safety Observer/Back-up Safety Observer during fuel cell maintenance. Previously completed OJT using COMVAQWINGPAC 1514/57 remains valid, provided all updates to training since initial qualification are incorporated in OJT record. For previously qualified personnel, attach this cover page (new) to completed OJT record and forward to the Maintenance Officer for final qualification as Fuel Cell Authorized Entrant. Only qualified Fuel Systems Entry Supervisor or AVGFE Program Manager may sign completion of applicable sections either by written/oral examination, observation of performance, or all three. Final qualification rests with the Maintenance Officer.

This OJT checklist will be maintained in the training jacket in its entirety both while in work and after completion. ALL initials and signatures will be made in ink.

ONLY A QUALIFIED FUEL SYSTEMS ENTRY SUPERVISOR OR AVGFE PROGRAM MANAGER IS QUALIFIED TO SIGN OJT/REQUIRED READING
